

Principles of Law, Public Safety, Corrections & Security

Fort Payne High School's Principles of Law, Public Safety, Corrections & Security program aims to enhance the living, learning, and working experience at Fort Payne High School by educating students about job institutions that involve protecting life, maintaining order, and safeguarding property. We fulfill this mission by providing our students and community with a full range of services and knowledge that meet the highest professional and accredited standards. We are committed to the "Community Caretaking" philosophy and working with our students, staff, and faculty to build a lasting partnership.

Fort Payne High School

Principles of Law, Public Safety, Corrections & Security CTE (Public Safety)

NONDISCRIMINATION

This Fort Payne City Board of Education does not discriminate based on sex, handicap, religion, creed, national origin, race, color, or age in its educational programs, activities, or employment policies as required by Federal Regulation.

Student Goals

Students develop a career focus and the skills that enhance their chances of moving directly into higher education, an apprenticeship program, the military, or entry-level employment.

Students will receive specialized instruction to prepare them for careers in their pathway.

Students receive background instruction to assist them in preparing for professional careers requiring advanced study.

Students develop a career focus and the skills that enhance their chances of moving directly into higher education, an apprenticeship program, the military, or entry-level employment.

Department Goals

The program will provide the instruction necessary for students to thrive in various careers.

The program will provide an essential education contribution to the economic literacy of all school students.

We aim to prepare students for a dynamic and challenging position in today's competitive marketplace.

The program will help students determine the requirements needed to achieve postsecondary and higher education in various fields.

Employer's Goal

A student from the Public Safety program will be equipped with skills employers are demanding.

In a Public Safety program, the student uses industry-standard equipment comparable to those found in businesses where students are likely to be employed.

A student from the Public Safety program is equipped with knowledge, applications, and attitudes that enforce workplace competencies.

Program Courses

Principles of Public Service

Police Patrol Techniques

Forensic and Criminal Investigations

Introduction to Fire Fighting

Fire Fighting

Program's Projected Success

Our programs trains the next generation of public safety professionals using state-of-the-art technology and the latest in simulation training. By offering programs for firefighters, law enforcement, corrections, security officers, and homeland security under one umbrella, Fort Payne High School's public safety program will elevate and unify training standards across all public safety divisions. This interdisciplinary approach promotes cross-sector training and collaboration between public safety agencies to help make our communities safer—both in times of crisis and in maintaining the peace.
