Once logged into iReady, have the student choose Reading or Math.
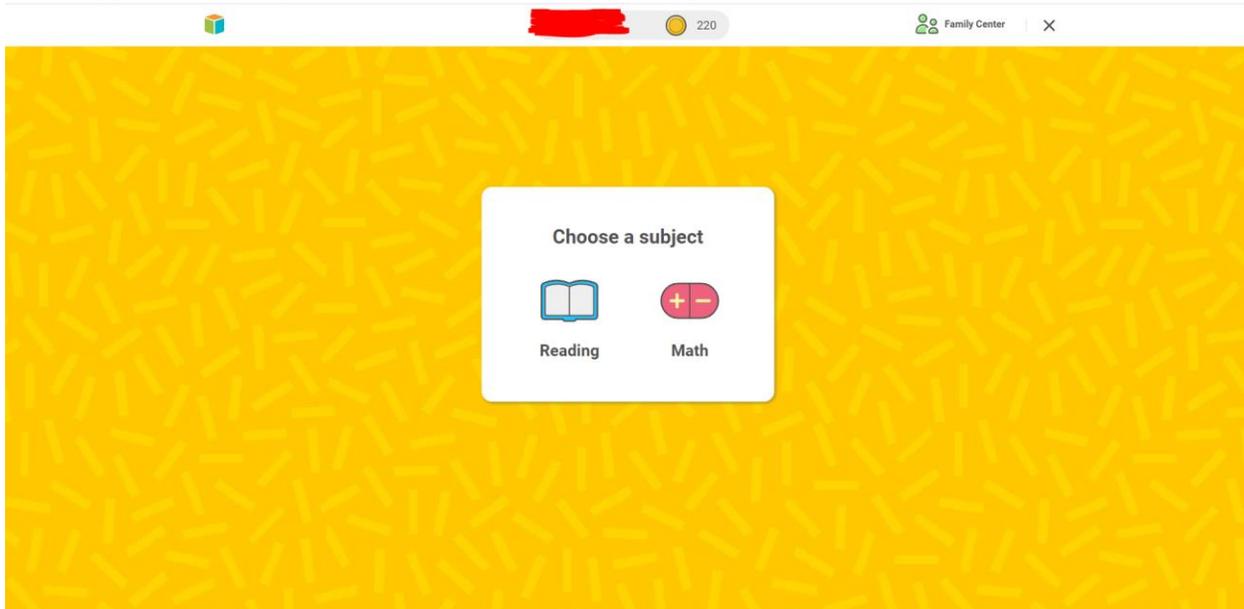

Once in the correct subject for their assignment, students should see a portion of their screen that shows, "TEACHER ASSIGNED". These are the lessons that were chosen for the student to complete during Virtual Learning Days.
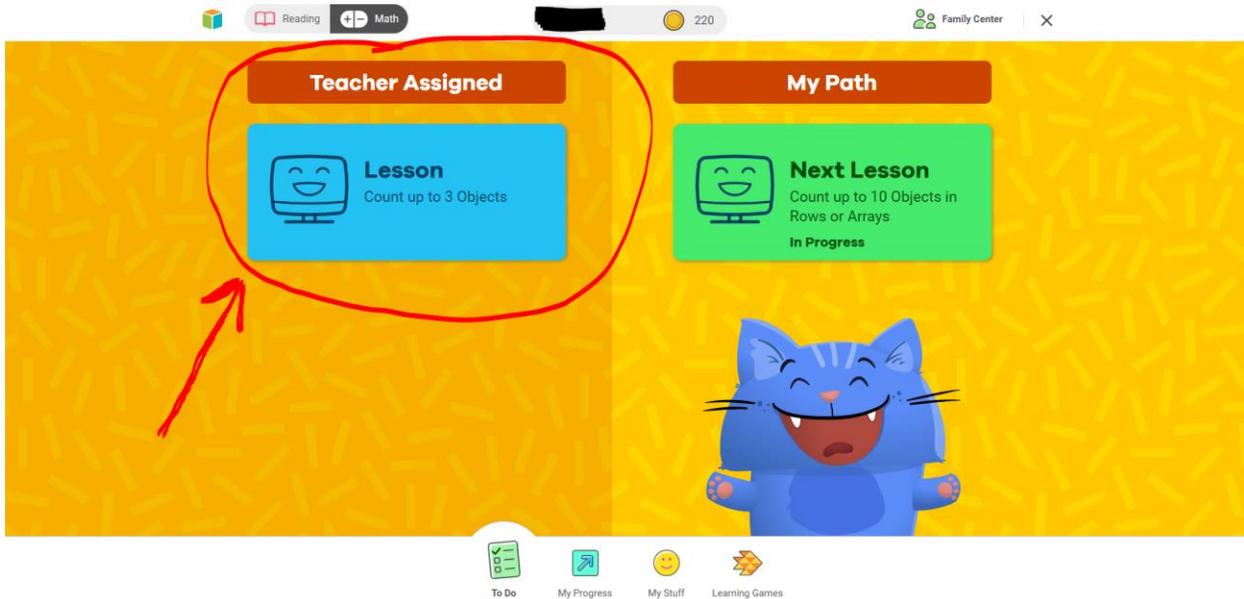

If students finish all of the teacher assigned lessons during virtual learning days and parents want to encourage more work, students are allowed to complete lessons on their pathway.

(It is suggested that students do not spend more than 45 minutes per week for each subject in iReady.)
