

**Alabama State Department of Education Digital Device Policy for the Alabama Comprehensive Assessment
Program (ACAP) Testing**

Each local education agency (LEA) shall have in place a *School Test Security Plan* for each school that includes a digital device collection plan for both school personnel and students who will participate in the ACAP. This collection shall take place **prior to entering the testing room** for both school personnel and students.

For the purposes of this policy, digital devices are defined to include anything that can capture, store, relay, or receive electronic information. This includes, but is not limited to, the following: laptops, smart phones, smart watches, fitness trackers, MP3 players, and tablets. Additionally, classroom computers must be powered off during testing. Exceptions to this policy include any digital device that is medically necessary for the health and/or well-being of school personnel or students. All exceptions must be pre-approved in writing by the Building Test Coordinator or the school Principal by completing the *Digital Device Exception Request* form.

LEAs shall make all school personnel and students participating in the ACAP, parents, and/or guardians aware of this prohibition through inclusion of this policy in the employee handbook, the Student Code of Conduct Handbook, and may also publicize this policy through other normally accepted methods.

STUDENT POLICY:

Students shall not **possess** any digital device within the testing room when participating in ACAP testing. **The possession of a digital device by students participating in ACAP testing is strictly prohibited during the administration of a test.** The **ONLY** exception to this policy is for students who have been pre-approved by the Building Test Coordinator or the Principal to have a digital device that is necessary for the health and/or well-being of the student.

If students are in **possession** of a digital device that is within their reach during the administration of an ACAP test, the device will be confiscated and, if the appropriate administrator determines that there is reasonable suspicion that the device was used to capture, record, or share test information or to facilitate cheating on the test, it may be subject to search pursuant to LEA policy for any information directly related to the ACAP test being administered. Additionally, the student will be dismissed from testing immediately and the test may be invalidated in accordance with ACAP policy. **Violation(s) may result in disciplinary action by the LEA in accordance with the LEA's disciplinary policy.**
