

# Wills Valley Elementary

## IPAD Pick-Up/ Student Material Distribution

Below is the plan for you to pick your child's IPAD and instructional materials for continued learning during April and May as well as your child's supplies.

- The schedule below outlines the schedule for picking up your child's supplies.
- This will be a drive-through pick-up that works just like our normal afternoon student pick-up procedures. The teacher will bring your child's supplies to your car window as you drive through the loop.
- The nurse will also be there for you to pick up any medication that you have not picked up. She will meet you in the car line. Please do not get out of your car.
- If you have any library books that need to be returned, please bring them with you at that time.
- Social distancing measures will be followed. Please do not get out of the car.
- This will work like car rider pickup line. Paw passes should be displayed.

### Wednesday, 4/1 3:00pm-5:00pm
