

\$\$ Dimes Make a Difference \$\$

We are challenging our students to fill a 16 ounce water bottle with dimes. Once the water bottle is full they can return it to school. A water bottle filled with dimes will

equal close to \$100! We will donate this money to :

Relay for Life and St. Jude's Children's Hospital.

Please help your child make a difference by filling up an empty water bottle with dimes and returning it

to school by April 17th.

We want to teach our children that together, we can make a difference in the lives of others!
